PENNSYLVANIA HIGHLANDS COMMUNITY COLLEGE

COMPUTER SCIENCE

>>> *ASSOCIATE OF SCIENCE*
62-64 CREDITS

While pursuing computer science, you'll delve into diverse programming languages that serve as a bridge connecting humans and computers. This fascinating exploration enhances our understanding of this dynamic relationship.

This degree is specifically designed to give you the educational foundation needed for seamless transfer to a four-year degree program. This degree aligns with the computer science statewide articulation agreement, ensuring smooth transfer to any of the fourteen Pennsylvania System of State Higher Education institutions.
